

Global Tender Barges Pte Ltd was incorporated in 2007. The company's main focus is tender rig operations in Asia Pacific and Africa. Our objective is to be the preferred partner in supplying first class drilling rigs for the global energy industry.

As part of our growth and expansion plan, we are inviting applications for the position of Procurement Manager to join our team and have the opportunity to drive and move the business forward.

Procurement Manager – based in Singapore

Reporting to VP Supply Chain Management, duties will include:

- Work closely with the rig manager and have a strong understanding of working processes in offshore drilling industry
- Manage the company's Procurement Department covering purchasing, expediting, inspection, transport and logistics in effective, efficient and economical manner.
- Establish and implement the overall project procurement plan, policy and procedures including sources of supply, order requirements and commercial terms.
- To deal with external authorities related to purchasing function.
- To develop, review and improve all aspects of purchasing functions
- Liaise and develop strong relationships with approved vendors
- Manage procurement and inventory for the GTB Group

To be successful in this role you should possess degree in engineering or supply chain or other relevant fields from a recognized institution and/or minimum 8 years experience in a similar capacity within drilling industry. The candidate should also possess leadership qualities, excellent negotiation and communication skills.

Interested applicants, please email a detailed resume to **Rachel Tew**, rt@globaltenderbarges.com

We regret that only shortlisted candidates will be notified.
